Leadership in the digital age

is less about control and more about connection

About XIBA

XIBA is nestled in a lush green environment within St. Xavier's College, led by Jesuit fathers who strive for the holistic development of students. Since its inception, XIBA has been committed to developing future leaders driven by Excellence with Ethics. With over 700 graduates and its 13th batch admitted in July 2024, XIBA continues to bridge the gap between academic theory and industry practice, offering a transformative management education that instills values of compassion, integrity, and social responsibility.

About HR CONFAB

The digital era has reshaped the leadership landscape, demanding a new kind of intelligence that integrates digital adaptability, emotional intelligence, and ethical responsibility. Traditional leadership models must evolve to address challenges like digital transformation, disruptive technologies, and global interconnectedness. Leaders today must be visionary and agile, capable of navigating a business environment defined by volatility, uncertainty, complexity, and ambiguity (VUCA). This International HR Confab will explore the essential elements of Leadership Intelligence in the Digital Era, helping leaders adapt to modern challenges while maintaining a human-centric approach to business.

Objectives

- 🎯 Explore evolving leadership intelligence in the context of digital transformation.
- 🎯 Facilitate knowledge sharing on emotional, cultural, and data literacy.
- 🎯 Promote discussions on ethical and sustainable business practices in the digital age.

Why Attend?

- To Gain insights from industry experts and thought leaders.
- To Engage in interactive discussions and networking opportunities.
- To Stay ahead with cutting-edge leadership strategies for the digital era.
- To Learn about ethical and sustainable business approaches.

Who can Participate?

- Business Leaders and Executives
- Academicians and Researchers
- Policy-Makers and Government Officials
